Stage 1 Al Ain UAE

Al Ain hosted for the second year the first stage of EHC and we can say this organisation is growing very fast in quality and skills; Road Race, Time trial and a Hill Climb were managed with great success in the desert city by the Zayed Higher Organisation people.

71 athletes from 16 Nations, including 3 tricycles, hosted at Hilton Hotel, runned a very spectacular races with lot of agonism and speed but, also, a very fair behaviour.

During the gala dinner the event manager Tarek Souei received a special award by the EHF vice-president Radovan Sabata.

Stage 2 Rosenau - FRA

Rosenau is well known as one of the fastest race in the world, so it is usual to find a lot of people, but this year was a record: 188 registered athletes !!

Unfortunately, rain and 6°C was the weather on the race day but, as usual, athletes runned a very fast and challenging race (37,8 Km/h the fastest division, H2).

As last year, also a race dedicated to Kids & Juniors: 20 brave "mini-athletes" started under the rain supported and encouraged by all the spectators.

A big thanks to all the ASF Mulhouse and the boss Patrick Moyses and... "au revoir" !!

Stage 3 Schenkon - CH

Once again, rain and cold is what athletes found for the 3rd stage of EHC2010 but more than 160 riders were waiting the start in Schenkon.

A perfect organisation helped everyone to ride the course and enjoy the beautiful scenario offered by the lake Sempach.
